PROJECT PORTFOLIO | [GITHUB LINK]

Ecommerce Customer Retention & LTV Analysis | SQL - Python
Revenue Performance Monitoring Dashboard | Power BI (DAX) - Power Query

WORK EXPERIENCE

GIAOHANGNHANH - SCOMMERCE

Aug 2025 - Present

One of Vietnam's leading logistics networks, handling nationwide first-middle-last mile delivery operations at scale.

Operations Data Analyst - Pickup & Delivery Team

- Reported directly to the Product Director, leading critical analytics and owning end-to-end performance analytics for GHN's top strategic customer, enabling high-level strategic decision-making.
- Owned end-to-end monitoring of critical logistics metrics (ODR, OPR, FD, %successful pickup/ deliver), ensuring consistent achievement of 90-95% service level targets across peak demand periods.
- Designed a data-driven special operating model, increasing productivity by 35-40% and scaled nationwide.
- Performed root cause analysis across First-Middle-Last Mile logistics operations, generating high-level strategic insights that directly informed C-level strategic decisions.
- Built centralized real-time dashboard & automated pipelines, cutting reporting workload by 50% and freeing analyst capacity for strategic work.
- Collaborated cross-functionally with data teams to ensure accuracy, consistency, and freshness across all reporting pipelines.

CHO TOT - CAROUSELL GROUP

Dec 2021 - Aug 2025 | 3 Years 9 months

Vietnam's leading online marketplace, part of Carousell Group - a top classifieds platform in Southeast Asia.

Business Analyst Specialist - Real Estate Vertical

Feb 2024 - Aug 2025

- Reported to Senior Vertical Manager; drove monetization strategy across POS & Subscription portfolios through deep-dive analysis, experimentation, and pricing optimization.
- Led end-to-end POS revamp (research → solution design → A/B testing → rollout) in collaboration with product and engineering teams, achieving 30% CTR growth and 10% lift in paying conversion.
- Led a strategic monetization initiative in collaboration with a European consultancy firm, shaping next-generation pricing strategy through in-depth market and business analysis.
- Scaled bundle personalization strategy by focusing user segmentation and personalization, growing bundle adoption from 2% → 12%, achieving 10X revenue growth.

Junior Business Analyst - Real Estate Vertical

Dec 2021 - Feb 2024

- Launched a company-wide feature - Special Display Ads through strategic pricing, performance monitoring, and iterative optimization, achieving 10% monthly adoption and 5% vertical revenue contribution.
- Pioneered a Dynamic pricing initiative with AI team using demand-supply modeling and predictive analytics to deliver a 4% increase in feature revenue.
- Improved user targeting via Propensity Scoring Models (co-developed with Data team), boosting paying user conversion by 10%.

EDUCATION

Bachelor's Degree – International Business Economics - GPA: 3.51/4
Foreign Trade University in Ho Chi Minh City

2018 - 2022
